TRICARE OPERATIONS MANUAL 6010.51-M, AUGUST 1, 2002
CHAPTER 5, SECTION 1

2.5.1. A network provider may not require payment from the beneficiary for any excluded or excludable services that the beneficiary received from the network provider (i.e. the beneficiary will be held harmless) except as follows:

- If the beneficiary did not inform the provider that he or she was a TRICARE beneficiary, the provider may bill the beneficiary for services provided.
- If the beneficiary was informed that the services were excluded or excludable and he/she agreed in advance in writing to pay for the services, the provider may bill the beneficiary. An agreement to pay must be evidenced by the written consent of the beneficiary to pay for the excluded services. General agreements to pay, such as those signed by the beneficiary at the time of admission, are not evidence that the beneficiary knew specific services were excluded or excludable.
- If the beneficiary has been notified, in writing, that the service would not be covered for any reason.

For a list of excluded or excludable services refer to:
